

What is Pathfinder KiwiSaver?

The Pathfinder KiwiSaver Plan (**Pathfinder KiwiSaver**) is an ethical investment. This means, for example, that we consider environmental, social and governance matters when investing. We do this to be consistent with our values (Aware, Fair and Care) and because we believe companies that are more ethical make better long-term investments.

Pathfinder KiwiSaver has three Funds which are managed by us. The Funds pool the money of investors within each Fund and invest in assets (such as shares, bonds, and bank deposits) on behalf of those investors. Each Fund actively invests in and manages a different combination of assets, which varies the level of risk and potential return of each Fund. This means you can select a Fund into which your contributions will be placed to suit your risk profile and investment goals.

Investing Ethically

1. UN Sustainable Development Goals: Aspiring for investment decisions to contribute to UN Sustainable Development Goals.
2. Environmental, social and governance focus: Focusing investment into companies that rate higher on environmental, social and governance criteria.
3. Climate change awareness: Companies with a lower carbon intensity and a plan for managing the transition to a low carbon economy make better long-term investments.
4. Aware, Fair, Care: Avoiding investment in companies engaged in industries or activities seen as harmful.
5. Engagement and shareholder voting: Engaging and voting as a shareholder can bring about positive change.

Charitable Giving

Pathfinder donates 20% of its gross management fee to a family of NZ charities selected by our members.
